MAINTENANCE AND CARE

VARNISHED OAK

Our varnished products are finished with a water-based lacquer for the protection of the wood and has a good chemical and mechanical resistance.

Regular cleaning with a mild solution of water and natural soap will do the trick!

Please do not sand varnished furniture, as this will damage the protective layer and will thus affect the water and dirt resistance of your furniture.

RATTAN

Rattan is easy to maintain: clean it every now and then with a moist towel and some natural soap, and you'll be able to enjoy it for many years to come!
